Dear Mr. Dettle:

DRAFT REVISED MONITORING AND REPORTING PROGRAM NO. R3-2005-0003 FOR THE CITY OF SANTA CRUZ

Attached is Draft Revised Monitoring and Reporting Program (MRP) No. R3-2005-0003 and the Staff Report for your review and comment. As described in the Staff Report, staff proposes to revise the MRP to include new requirements for high-volume water sampling and monitoring for chemicals of emerging concern. The proposed MRP is consistent with the MRPs proposed for the other municipal discharges into Monterey Bay (the City of Watsonville, Carmel Area Wastewater District, and Monterey Regional Water Pollution Control Agency) that participate in the regional monitoring program. Also attached are the Notice of Public Hearing and posting instructions.

Staff plans to present the MRPs for the Board's consideration and discussion at its regularly-scheduled public meeting on **March 21, 2008** in Salinas. Please submit your comments to the Board's Executive Officer no later than **March 1, 2008**.

If you have comments or questions regarding the proposed MRPs, please contact **Michael Higgins at (805) 542-4649 or mhiggins@waterboards.ca.gov** or Harvey Packard at (805) 542-4639.

Sincerely,

Roger W. Briggs
Executive Office
